Sir:

In accordance with 37 C.F.R. §§ 1.56, 1.97 and 1.98, Applicants would like to bring the documents listed on the accompanying Form PTO-1449 to the attention of the U.S. Patent and Trademark Office for use by the Examiner during prosecution of the subject application.

The subject application is a continuation-in-part application of International Application PCT/US97/08907, designating the U.S., filed May 27, 1997, and a continuation-in-part of U.S. Serial No. 08/653,036, filed May 24, 1996, which is a continuation-in-part of U.S. Serial No. 08/370,494, filed January 9, 1995, which is a divisional of U.S. Serial No. 07/874,344, now U.S. Patent No. 5,407,816, filed April 24, 1992, which is a continuation-in-part of U.S. Serial No. 07/839,144, filed February 20, 1992.

For the Examiner's convenience, the documents are divided into three groups: (1) documents which were considered in parent application Serial No. 08/653,03; (2) additional

Information Disclosure Statement

documents which are discussed in the specification of the subject application; and (3) documents which have not been previously considered and are not discussed in the specification.

In accordance with 37 C.F.R. § 1.98(d), the copies of patents, articles and abstracts in Group (1) are not enclosed because they were cited in parent application Serial No. 08/653,03. In accordance with 37 C.F.R. § 1.98(a)(2), the copies of patents, articles, and abstracts in Groups (1) and (2) are enclosed for the Examiner's convenience. The articles in each of the groups are listed below, as well as in the accompanying Form PTO-1449.
